Title: Electronic Record Management System

Dear Examiners Millin and Colbert:

Following up on my conversation with Examiner Colbert last Tuesday, May 2, 2006, and the voicemail I left for Examiner Millin last Thursday, May 4, 2006, an Office Action was mailed on February 13, 2006 for the above-identified pending application. It is respectfully submitted that this Office Action should not have issued during this time period because a suspension should have been in effect. Specifically, a Request for Continued Examination ("RCE") was filed in this matter on November 22, 2005. Along with this RCE filing, a 3-month suspension request was made. (*See attached*). The fee for this 3-month request was paid for and processed by the Patent Office. As such, the outstanding Office Action should not have issued because it was issued during the suspension period.

It is respectfully requested that this outstanding Office Action that was mailed February 13, 2006 be withdrawn and re-docketed appropriately in accordance with the 3-month suspension that was to be in effect at the time. It is respectfully requested that formal notice of withdrawal of this outstanding Office Action be provided to us in due course as a response, without extensions, is technically due to this outstanding Office Action by May 13, 2006. (This matter is just being brought to your attention because this Office Action was sent to the prior law firm on this matter. That firm did not forward the Office Action on to us. We just received the Office Action last week.)

Your attention to this matter is appreciated. If you need any further information or have any questions, please call me.

Very truly yours,

Martin LeFevour
